## JIMMY SWEENEY EXPLAINS HIS ATTITUDE.

Jimmy (Judge) Sweeney seemed to find himself on the defensive at the Jefferson Day banquet at Tonopah Wednesday night. He declared his belief that it is the duty of any democrat to labor for the benefit of the party. This apropos of his numerous activities in the political arena during the past few years. The learned judge, doubtless, referred to his labors in conventions and at primaries. He would hardly care to go into intimate detail about his divers activities in legislative affairs.

A Jimmy is an implement generally used in breaking in where it does not belong; it is possible that from long custom all jimmies imagine that their business is a legitimate one. And judging by Jimmy of the bench at Carson, the human Jimmy is no different from the steel one.

Jimmy Sweeney has been trying to explain the inexplicable, excuse the inexcusable, defend the indefensible. No man that sits on the bench has a right to do the things in politics that he has done; and it is a good thing that the public opinion on such matters is of tone that has finally penetrated through the callosities that armor-plate the sensibilities of James G. Sweeney, and force him to attempt a lame defense of his course.

He has been a long time in awakening to the true nature of the public's opinion of his tactics. He probably glimpsed a slight view of it when, during the acceptance address of that honored, respected and respectable jurist, George F. Talbot, before the Tonopah convention, the delegates arose almost en masse to vociferate their approval of Judge Talbot's statement that he had always believed that the judiciary should keep out of active politics. Coming, as it did, on the heels of three days of incessant side-walk politics on the part of Judge Sweeney, although Judge Talbot's remark was evidently a simple statement of fact, without intent to throw a slur on anybody.

The Expositor does not deny the right of any democrat—yes, it will not confine itself to the limits set by Judge Sweeney, it does not deny the right of any republican or any socialist to labor for the good of his party. But it does deny his right to violate the ethics of his profession, if he have a profession; it does believe that he should not use unfair means, that he should not lie, slander, backbite or defame; that he should not take his own faults and vices and, weaving from them a mantle of infamy, endeavor to cloak another in the habiliments of disgrace.

The men who really labor for the good of their parties do not use such means. And the labors of those who do so are as sound and fury, signifying nothing.—Ely Expositor.

## SAID HIS WIFE WAS TOO STUBBORN TO LIVE WITH

### DIVORCE GRANTED YESTERDAY AFTERNOON ON GROUNDS OF DESEPTION.

A divorce was granted yesterday afternoon by Judge Mark R. Averill in the district court to Edward A. Barrette from Sophie Barrette, on the grounds of desertion. The couple were married in Minneapolis, Minn., in 1889, but in 1899, when residing in Portland, Oregon, the defendant deserted plaintiff and since that time has refused to live with him.

When on the stand Barrette testified that he absolutely refused to ever live with the lady again for she was too stubborn.

"She is German," he said, "and is the most stubborn woman I have ever met. You know what the Germans are when they have their mind made up; well, she wasn't an exception." There was no issue from the marriage and no community property to divide.

## NYE COUNTY MEDICOS DISCUSS VARIOUS TOPICS

### MAY START CAMPAIGN FOR BETTERMENT OF HEALTH CONDITIONS.

The Nye County Medical association met last evening at the offices of Dr. J. C. Cowden, and among the various topics discussed, was one concerning the betterment of the health conditions in this community. The association proposes to start an investigation, under the

supervision of the county health officer, into the conditions that exist in the local meat markets and dairies. While this move is in direct opposition to the business of the medicos, it shows that the body has the interest of Tonopah at heart and are ready to work hard for the betterment of the health conditions of this community.

## PICTURES TRUE TO LIFE SHOWN AT THE BUTLER

### EXCELLENT ASSORTMENT OF FILMS SECURED FOR TODAY'S PROGRAM.

A big crowd as usual enjoyed a splendid program at the Butler last night. The Biograph drama, "As It Is In Life," was one of the very best pictures ever shown here. Today there will be another entire change of program at this popular place of amusement at which time five new pictures and two illustrated songs will be shown. The following is the program: "Professional Suicide," "Before and After," "Country School Master," "Trip Along the Rhine," and a big feature picture, "The Broken Spell." This program is on for today only with an entire change of program tomorrow. Remember we will change pictures every day including Sunday, until further notice.

### MUST PROCURE HUNTING LICENSES

Since the decision of Judge Orr of the Reno courts that the fishing law was unconstitutional, many persons have gained the idea that it was not necessary to obtain a fishing and game license. This is not the case, however, as the law on which Judge Orr made the decision is one entirely separate from the fish and game license law.

## STOCK MARKET

Belmont showed a little strength on yesterday's session of the San Francisco stock exchange and closed with a gain of 2½ cents. Tonopah Mining, which has been a puzzle to local investors, dropped twenty-five points during the day and closed at \$7.00 bid. MacNamara, on account of the dividend date having passed, fell back two points. The remaining Tonopah securities remained normal.

### DOUBLE-TRACKING PART OF LUCIN CUT-OFF

The Oregon Short Line has commenced driving piles for the new trestle and double tracking of the western end of the Lucin cut-off. About 4,200 feet on the extreme west end of the lake will be double-tracked, it being estimated that the work will require four or five months in which to complete. When this task is completed it will make the cut-off more secure than ever and will also greatly facilitate the movement of trains over the great lake.

### FORMER RESIDENT MAKES FORTUNE IN OIL STOCKS

George Richard and family have "struck it rich" again, this time in oil. The Pacific States Petroleum company, in which they have a controlling interest, is proving a good investment and the well promises to be a "gusher." The stock is now listed on the board at 75 cents per share and the prospects are exceedingly bright for a steady advance. This property is adjoining the famous Silver Tip in Coalinga, Silver Tip now selling at \$2.85 per share. Other old time Carsonites are interested in the property and will probably make a good stake. Here's hoping.—Carson News.
